

WESTON
BRAIN INSTITUTE

Big Ideas: Canada Call for ideas

The Institute is considering supporting a large-scale, pivotal project to significantly and sustainably advance research in our field. With this call, we are seeking to identify highly impactful ideas for consideration.

\$5-20 million

Submissions must:

1. Have a significant and sustained impact on translational research to accelerate the development of therapeutics for neurodegenerative diseases of aging.
2. Be led by Canadian-based researchers
