## APPLICANT ELIGIBILITY

Principal Applicants must be at or above the level of Postdoctoral Researcher and at eligible institutions located in Ireland, the Netherlands, or the UK (as defined in the program details).

## BIOMARKER ELIGIBILITY

Only **biomarkers measured in patient-derived fluids** (e.g., blood, CSF, saliva) are eligible. Biomarkers must **be previously identified** (as defined in the program details) and be for human **disease diagnosis, prognosis, for patient stratification to clinical trials or to predict response to therapies**. Biomarker discovery and unbiased screening approaches are not considered within the scope.
