SEED FUNDING for novel, high-risk, high-reward translational research on neurodegenerative diseases of aging
Up to $300,000 over up to 18 months

CONTINUING FOR 2020:
- Budget: $300k/project.
- Complementary approaches such as diet, physical activity, sleep, nutritional supplements, speech therapy, and cognitive therapy are eligible.

INSTITUTE DEFINITION OF NEURODEGENERATIVE DISEASES OF AGING
- Alzheimer’s disease
- Frontotemporal dementia
- Parkinson’s disease
- Dementia with Lewy bodies
- Progressive supranuclear palsy
- Multiple system atrophy
- Vascular contributions to the above diseases
- Prodromes to the above diseases

APPLICATION must be:
- At or above the level of postdoctoral researcher
- At a CRA qualified donee institution located in Canada

PROJECT must be:
- Development of a therapeutic and/or tool, and/or complementary approach
- Translational research that helps accelerate the development of therapeutics for neurodegenerative diseases of aging

AD-RELATED diseases:
- Alzheimer’s disease
- Frontotemporal dementia
- Mild cognitive impairment

Proposed projects may relate to any disease(s) but must have impact on the diseases above.

IMPORTANT DATES
- Information Webinar: February 24, 2020 at 1pm ET
- Application Deadline: March 27, 2020 at 2pm ET
- Award Announcement: October 2020
