Transformational Research: Canada 2020
Alzheimer’s & Related Diseases

**FUNDING** for transformative, novel, high-risk, high-reward translational research projects

$300,000 - $1,500,000 over up to 3 years

**CONTINUING FOR 2020:**
- No preliminary data is required and instead can be collected as an early milestone in the grant.
- Complementary approaches such as diet, physical activity, sleep, nutritional supplements, speech therapy, and cognitive therapy, are eligible.

**INSTITUTE DEFINITION OF NEURODEGENERATIVE DISEASES OF AGING**
- Alzheimer’s disease
- Frontotemporal dementia
- Parkinson’s disease
- Dementia with Lewy bodies
- Progressive supranuclear palsy
- Multiple system atrophy
- Vascular contributions to the above diseases
- Prodromes to the above diseases

**IMPORTANT DATES**

- Information Webinar: February 24, 2020 at 1pm ET
- Application Deadline: March 27, 2020 at 2pm ET
- Award Announcement: October 2020

**ELIGIBILITY CRITERIA**

**APPLICANT** must be:
- At or above the level of assistant professor
- At a CRA qualified donee institution located in Canada

**PROJECT** must be:
- Development of a therapeutic and/or tool, and/or complementary approach
- Translational research that helps accelerate the development of therapeutics for neurodegenerative diseases of aging

**AD-RELATED diseases:**
- Alzheimer’s disease
- Frontotemporal dementia
- Mild cognitive impairment

- Proposed projects may relate to any disease(s) but must have impact on the diseases above.

**AD-PD RELATED diseases:**
- Vascular contributions to the listed diseases
- Prodromes to the listed diseases
